

WAL'S HOLE TRIBUNE

VOLUME 1, ISSUE 1 PRICE 3 CREDITS

REDEMPTION CRUSADE STRIKES!

The Usually peaceful settlement of Wal's Hole was shocked at the arrival of a Crusade of Redemptionists calling themselves "The Knights of the Flame". The peace was shattered when their paths crossed the local Escher group The XXXXXXXX and unpleasuries exchanged. Witnesses have reported sporadic gun fire as well as flamer discharges, several injuries occurred and there has been one reported fatality. At time of going to press no name was given for the dead man and we assume that he was a member of the redemptionists due to his clothing.

This is the first time there has been any reports of violence in this part of the

Hive as our once all pervasive enforcer force usually stop trouble before it begins but unfortunately due to trouble in other more crowded settlements and reports of Cultist activity in the WOLV35 sector the local enforcers have been relocated.

The Knights of the Flame's leader Father Jacob passed a fiery oratory this morning:

"This is the time of the Flame, the time of the Emperors wrath, we burnt those heathen witches and we shall purge Wal's Hole of every deviant. Let the fire spread!"

It looks like trouble has found itself a new home here in Wal's Hole, we at the Tribune suggest you only go out if you really

need to as other reports coming in say there are

Father Jacob of The Knights of the Flame, preaching.

more roving bands from different houses making their way here lets hope for all our sakes that someone can rid us of the insanity.

Report by Bud Cratchitt

BAD AMMO SOLD BY "GUILDER"

With the reports of gang war breaking out some local con-artist have taken it upon themselves to sell counterfeit ammo. We sent our reporter to investigate further and what he found out was shocking! Hugo and Viktor Pierre of Park ammo have claimed

to "green" outsiders that they are officially sanctioned Guilder weapon-smiths but in truth they are both workers at the local slag deposit and their ammo is nothing more than a tiny amount of gun-powder, scrap metal and basalt loaded into what

seems to be expended cartridges. We tried to speak to Hugo this morning but he was to busy trying to find his brother who had been taken by "crazies" last night. Who or what these "crazies" are we do not know.

Continued on page 2.
